

For Immediate Release

Techsol Is a Founding Member of the Wearable Technology Association

www.techsol.ca

DELTA, BC., February 20, 2002 – Technical Solutions Inc. , today announced membership to the Wearable Technology Association. Techsol is a founding member of the association with the object of advancing the growing field of wearable technology.

The Wearable Technology Association is dedicated to the creation of standards and development of programs targeted at investors, consumers, media, industry analysts and businesses.

The Gartner Group recently named the field of wearable technology as one of the four most influential technology trends of the coming decade. Gartner predicts that by 2007 more than 60 percent of the US population age 15 to 50 will carry or wear a wireless computing and communications device at least six hours every day.

About Technical Solutions Inc.

Technical Solutions, is a privately owned corporation that offers a proprietary technology that translates into vast performance improvements in hundreds of current and potential applications in which low power, portability and small physical size is vital.
